Special Attention is requested to the following Announcement:

As the Spring Sale of CARPETS is now about over, we have concluded to CLOSE OUT our entire Stock of Brussels, Tapestry, Wools, Unions, &c., at

SWEEPING REDUCTIONS,

and will include in the sale two Bales of new Tapestry Carpets just arrived from England, which being shipped two months late, are charged much lower than would have been the case had they been shipped in time for Spring trade. We have them so arranged that parties can walk through our Carpet Wareroom (which is on the ground floor), and see a large piece of each pattern displayed, with the original and reduced prices marked in plain figures on each piece.

Short Ends we have marked at less than cost price, and full pieces lower than usual wholesale prices, to ensure clearing out the balance of our stock before our buyer leaves for Europe next month to purchase our Fall Stock.

are all New Goods, imported by us this spring, not old goods rejected by other markers and consequently lying around in warehouses a year or more, (as is often the case), until the style of Pattern is out of date, and then sold as high as we ask for new Fresh Goods, perfectly free from moths, damp or mildew. An inspection cordially solicited.

ATTerms without exception must be cash, and no variation from prices made.

A RARE CHANCE.

Special Attention is requested to the following Announcement:

As the Spring Sale of CARPETS is now about over, we have concluded to CLOSE OUT our entire Stock of Brussels, Tapestry, Wools, Unions, &c., at

SWEEPING REDUCTIONS,

and will include in the sale two Bales of new Tapestry Carpets just arrived from England, which being shipped two months late, are charged much lower than would have been the case had they been shipped in time for Spring trade. We have them so arranged that parties can walk through our Carpet Wareroom (which is on the ground floor), and see a large piece of each pattern displayed, with the original and reduced prices marked in plain figures on each piece.

Short Ends we have marked at less than cost price, and find pieces lower than usual wholesale prices, to ensure clearing out the balance of our stock before our buyer leaves for Europe next month to purchase our Fall Stock.

CARPETS

are all New Goods, imported by us this spring, not old goods rejected by other markets and consequently lying around in warehouses a year or more, (as is often the case), until the style of Pattern is out of date, and then sold as high as we ask for new Fresh Goods, perfectly free from moths, damp or mildew. An inspection cordially solicited.

AST Terms without exception must be cash, and no variation from prices made.

Special Attention is requested to the following Announcement:

As the Spring Sale of CARPETS is now about over, we have concluded to CLOSE OUT our entire Stock of Brussels, Tapestry, Wools, Unions, &c., at

SWEEPING REDUCTIONS,

and will include in the sale two Bales of new Tapestry Carpets just arrived from England, which being shipped two months late, are charged much lower than would have been the case had they been shipped in time for Spring trade. We have them so arranged that parties can walk through our Carpet Wareroom (which is on the ground floor), and see a large piece of each pattern displayed, with the original and reduced prices marked in plain figures on each piece.

Short Ends we have marked at less than cost price, and full pieces lower than usual wholesale prices, to ensure clearing out the balance of our stock before our buyer leaves for Europe next month to purchase our Fall Stock.

CARPETS

are all New Goods, imported by us this spring, not old goods rejected by other markets and consequently lying around in warehouses a year or more, (as is often the case), until the style of Pattern is out of date, and then sold as high as we ask for new Fresh Goods, perfectly free from moths, damp or mildew. An inspection cordially solicited.

**Terms without exception must be cash, and no variation from prices made.
